POLICY STATEMENT

**Relative to RoHS Directive
(Directive No. 2002/95/EC)**

This is to certify that EATON Filtration, LLC manufacturer of fluid conditioning equipment, resells electronic equipment for the automatic product line that falls under Category 9 (Monitoring and Control Instruments) set out in Annex IA to Directive No. 2002/96/EC (WEEE).

The aforementioned electronic equipment DOES NOT apply to the RoHS Directive. See Article 2, Scope 1 of Directive No. 2002/95/EC.

Please contact your local EATON contact for additional information regarding the RoHS and WEEE Directives relative the EATON Filtration automatic product line.
