Start-Up Warranty Maintenance

Service for all
regenerative dryers

- Factory certified service technicians
- Maintenance contracts available
- Assistance in developing an individual preventive maintenance programs
- On site training for your maintenance personnel
- Control logic troubleshooting & installation
- Complete air purification system overhaul
- Energy management surveys and retrofits
- Installation of dryer upgrade valves and energy management systems
- Compressor and Air Dryer rentals emergency and long term
- Local Inventory
- Troubleshooting

Manufacturer of Compressed Air Purification Systems

- Refrigerated Air Dryers – Cycling and Non Cycling / 10 – 30,000 SCFM
- Breathing and Medical Air Dryers
- Heatless Regenerative Desiccant Dryers / 3 – 30,000 SCFM
- Externally Heated Desiccant Dryers / 3- 30,000 SCFM
- Heated Blower Purge and Zero Purge Air Desiccant Dryers / 3 – 30,000 SCFM
- Custom Designed Desiccant Air Dryers for High Temperature, High Pressure, Natural Gas (wet & dry), offshore, Stainless Steel, Complex Electrical Controls and Special frame configurations.
- Compressed Air Filters, Oil Absorbers and Mist Eliminators
- Oil Water Separators and Drain Valves

Filters and Purifiers

- Numatics MicroPath Coalescing Separator for all Brands of Air Dryers
- Numatics MicroPleat Particle Media for all Brands of Air Dryers
- Numatics FlexiBlok Modular FRL Series (Filter, Regulator & Lubricator)
- Numatics StockBlok FRL Series Assemblies

Manufacture of Air Compressors for Light to Heavy Industrial

- Stationary Compressors from 5 to 2,500 CFM
- Piston or Rotary Screw
- Base or Tank Mounted
- Fixed and Variable Speed
- Aircooled and Watercooled
- Integrated Refrigerated Dryer Units
- NEMA 1, 4, & 7 Ratings

- Service - Our Service Department works in conjunction with our Manufacturers to offer emergency service, preventative maintenance and comprehensive service contracts.
- Skid/Package Systems for Filtration and Separation (Carbon Beds, Micro and Ultra Filtration, Pumps and Controls.)
- Single Source Filter Supplier - Ryan Herco Flow Solutions can be your single source filter supplier for all types and brands of filters you use.

Contact **1.800.547.1033** or www.rhfs.com for more information.

Filters and Purifiers

Process / point of use filtration and purification solutions for critical Clean Dry Air and Gas Systems

- Pharmaceutical Grade Air and Gas Filters
- Semiconductor Grade Air and Gas Filters
- Industrial Grade Air and Gas Filters
- Purifiers for all types of Air and Gas Purification Applications

Moisture Analyzers

- Wide Dynamic Range
- In-line or Portable
- Active Pressure Correction
- Gas or Liquid Samples
- Pressures to 7000 PSIG

Air-Pro™ Compressed Air Piping Systems

- Ductile, non-brittle thermoplastics.
- Pressure rated to 230 psi.
- Synthetic and mineral oil-resistant.
- Corrosion - resistant.
- Excellent weatherability.
- Easy, low-cost installation
- CAL OSHA approved.

Compressor & Air Dryer Rentals Full Line of Industrial Rentals

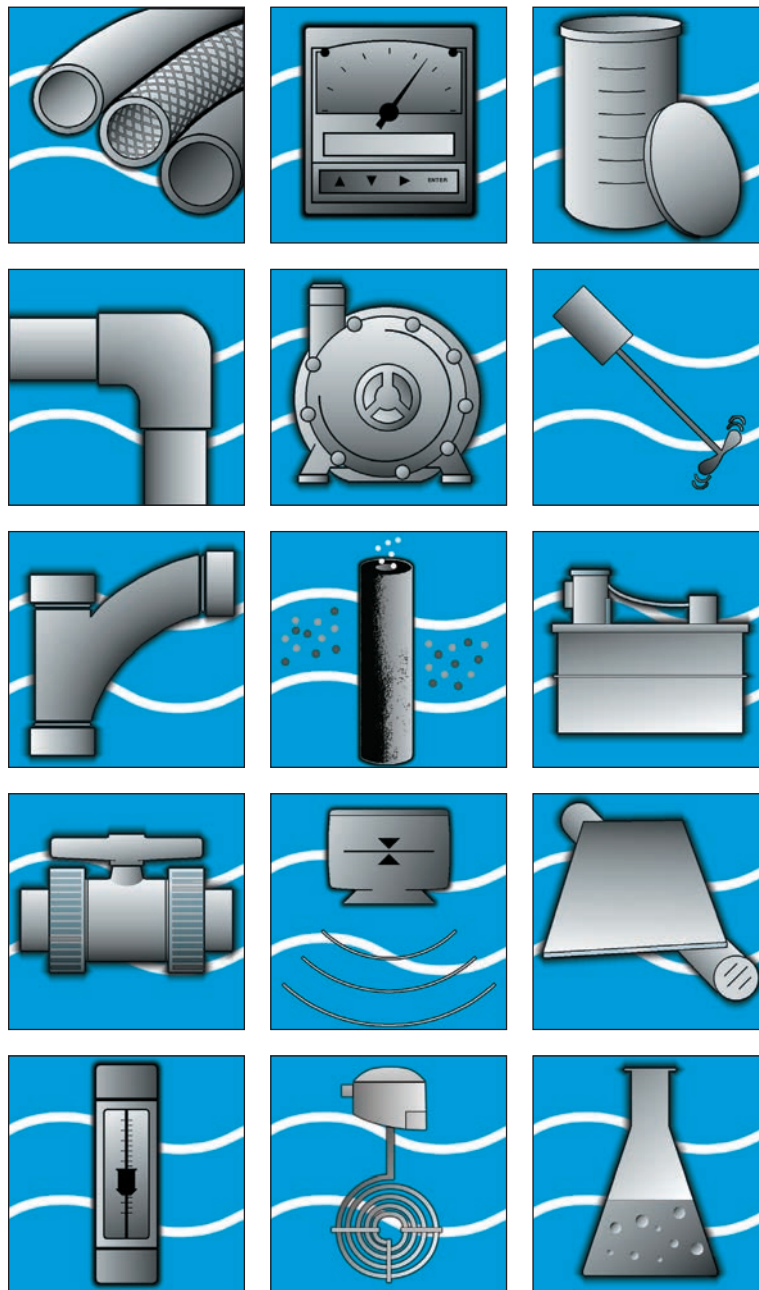

- Portable (diesel) or Stationary Compressors (electric)
- Oil Free or Contact Cooled Compressors
- Desiccant and Refrigerated Air Dryers
- Generators
- Thermal Control Equipment (Chillers, Cooling Towers, and Air Handlers)
- Emergency or Planned Shutdowns
- Onsite Service
