

## *FILTRATION TECHNOLOGY*

Ryan Herco Flow Solutions is the leading National Distributor of Filtration Products and Filtration Technology.

Ryan Herco provides technology solutions ranging from simple to highly complex for markets that demand high quality and performance in process applications for clean and corrosive liquids.

**TECHNICAL  
ASSISTANCE  
AVAILABLE**

### Common Applications

- Boiler Feed Water
- Chemical Processing
- Cooling Towers
- DI Pretreatment
- Oil Waste Reuse
- Pump Protection
- RO Pretreatment
- Solids Removal

**ONE CALL GETS IT ALL 1.800.848.1141**

# LEADING TECHNOLOGIES AND QUALITY BRANDS

## Filter Cartridges

- Melt Blown / Depth
- Pleated
- String Wound
- Resin Bonded
- Carbon
- Membrane

## Cartridge Housings

Available Materials

- 304 & 316 SS
- Carbon Steel
- FRP
- PVC & CPVC
- Polypro
- PVDF

Single Round  
Multi-Round

**Also Available:**

Lined          NSF 61  
Sanitary      ASME Code

## Automatic & Manual Filter Strainers

Available Materials

- 304 & 316 SS
- Carbon Steel
- FRP
- PVC & CPVC
- Polypro
- PVDF

Available Configurations

- Simplex or Duplex
- Threaded or Flanged
- 1/2" - 48" Size

**Also Available:**

Y Strainer  
Basket  
Fabricated  
ASME Code

# VALUE ADDED SERVICES

Let an RHFS Filtration Specialist help you with more than just specifying a product. We can also assist your company with:

- Plant Audits
- Problem / System Analysis
- Product Sizing
- Product / Equipment Recommendations
- Fluid Testing
- Rental Equipment

## Technologies

Filter Cartridges • Strainers • Cartridge Housings • Filter Bags • Bag Filter Housings • Air Filtration • Centrifugal Separators • Filter Strainers • Hydraulic Power Filtration • Automatic Screen Systems • Fluid Power Filtration • Carbon and Sand Media Systems

## Quality Brands

Pall • Lakos • Filtration Equipment • Koch • Eaton • Hayward • Royal • Harmsco • Rosedale • Donaldson • Yardney • Filter-Pump • Rapid Filter • Filtrek • Pentair • FilterCor • Ametek • Jonell • Knight • Lesac

**CALL TOLL FREE 1.800.848.1141**

## Bag Filter Housings

Available Materials

- 304 & 316 SS
- Carbon
- Polypro
- PVDF

Single Round  
Multi-Round

**Also Available:**  
NSF 61  
ASME Code

## Filter Bags

Available Materials Include

- Nomex
- Nylon
- Polypro
- Polyester

Bag Construction

- Welded
- Molded
- Sewn

Single Length or  
Double Length Standard

## Air Filtration

- All Medias Available
- Standard and Custom Air Filters Available

## Centrifugal Separators

- Water & Low Viscosity
- Cooking Oil Systems
- Standard & Custom Fabrication
- Skid Mounted Units Available
- Cooling Tower Packages

# ONE CALL GETS IT ALL

## Hydraulic/Fluid Power Filtration

- Low, Medium and High Pressure Filters
- Hydraulic System Audits
- Filter Carts / Filter Buddys
- Oil Purifiers
- Breathers

## Automatic Screen Systems

- Automatic Backwash
- Mechanically Cleaned System
- PLC Controlled
- Various Filter Media Available
- Internal or External Back Flush
- ASME Code Available
- High Flow Systems Available
- Solid Removal 1 to 1,700 microns

## Sand Media Systems

- Sand and Multi-Media Systems
- Internal or External Backwash
- ASME Code Available
- Skid Mounted Systems Available

## Carbon Media Systems

Excellent for Removal of:

- Chlorine
- Taste & Odor
- Phenols
- Pesticides
- Detergents
- ASME Code Available
